Instructions for foreign workers undergoing a medical examination for the renewal of a residence permit

HRVATSKI

Što pregled uključuje?

- Fizikalni pregled i uzimanje anamneze
- Prikupljanje podataka o dosadašnjim cijepljenjima
- Bakteriološki pregled stolice
- Pregled krvi na krvlju prenosive bolesti
- RTG pregled prsnog koša

* Na temelju ovih pretraga i pregleda moguće su dodatne pretrage.

Postupak pregleda

Korak 1: U ambulanti

Nakon fizikalnog pregleda i anamneze, idete na **prvi kat na Odjel mikrobiologije** predati uzorak stolice i izvaditi krv.

Korak 2: RTG Snimanje

Nakon davanja krvi i uzorka stolice, idete u Opću bolnicu Gospić napraviti RTG pregled prsnog koša.

Opća bolnica Gospić (Kaniška ulica 111)

Korak 3: Prva potvrda

Odmah ćemo Vam izdati **potvrdu da ste pristupili pregledu**, koju možete pokazati poslodavcu.

Dovršetak pregleda & Nalazi

Kada prikupite nalaze pregleda stolice, krvnih pretraga i RTG snimke, **vraćate se s nalazima u definirane termine**.

Ovisno o nalazima, završit ćete pregled ili ćete biti upućeni na dodatne pretrage. Također ćemo dogovoriti i plan nadoknadnog cijepljenja, ako je potrebno.

Tada dobivate:

- Uvjerenje o obavljenom pregledu (za zahtjev za produljenje)
- Svjedodžbu o obavljenom pregledu (s upisanim nalazima)

ENGLISH

What does the examination include?

- Physical examination and medical history review
- Collection of data on past vaccinations
- Bacteriological stool test
- Blood tests for blood-borne diseases
- Chest X-ray (RTG)

* Based on these tests and examinations, additional testing may be required.

Examination Procedure

Step 1: At the Clinic

Following the physical exam and history review, proceed to the **first floor (Department of Microbiology)** to submit a stool sample and have blood drawn.

Step 2: Chest X-Ray

After providing blood and stool samples, go to the General Hospital Gospić to the X-ray department for a chest X-ray.
